Response to Notice to File Corrected Application Papers

Sir:

Applicant received a Notice to File Corrected Application Papers, dated June 29, 2004, requiring submission of a substitute specification to address incorrect line spacing on the specification, claims and abstract. Additionally, applicant was advised that an additional claim fee (for 2 extra Independent Claims) of \$86 was due, unless the additional claims were canceled.

Initially, applicant notes that a Power of Attorney and Correspondence Address Indication Form (PTO/SB/81) is being filed herewith, appointing practitioners associated with Customer Number 34,170, including the undersigned, to prosecute the application identified above.

In a telephone conversation, on August 31, 2004, with Ms. Stokes of the Initial Patent Examination Division, the undersigned was advised that a proper reply to the Notice must include an unedited verbatim copy of the specification with proper line spacing in accordance with 37 CFR 1.52(b). Furthermore, Ms. Stokes advised that any amendment(s) to the specification, claims and abstract, beyond the required corrected line spacing, should be submitted herewith as a separate paper. Accordingly, applicant submits herewith a Substitute Specification with proper line spacing, as well as a separate Preliminary Amendment, including a substitute specification and a claims amendment canceling the extra Independent claims.

This Reply is accompanied by a petition for a 1-month extension of time for reply to the Notice, under 37 CFR 1.136(a) and the corresponding fee (\$55.00).

Respectfully submitted,
GOLD & RIZVI, P.A.
